HOW TO ENTER

DIVISIONS 1, 2, AND 3:

There are two key elements to your entry, the work plan and the work sample. The work plan is an executive summary of your communication strategy. If you're entering the same program or elements of the program in multiple categories, be sure to tailor your work plan so it fits each category. It should:

- Describe the context for your program or project.
- Clearly state the communication challenge or opportunity.
- Provide an analysis of your target audiences.
- Demonstrate high-level goals and measurable objectives stated as outputs or outcomes.
- Provide insight into your strategic approach.
- Highlight your budget.
- Provide an abbreviated tactical execution plan. Discuss any challenges that you faced during
 planning and execution. Provide measurable, meaningful results that are aligned with your stated
 objective and audience and business need.
- Ensure your work plan references your work sample and assists the evaluators to navigate through your entry and find the examples that best illustrate your work.

The work sample is the supporting materials that illustrate how you planned and implemented your communication program. It can include video and audio files, Word documents, PDFs, magazines, brochures and website links. Your work sample should represent the full scope of your work. However, bear in mind that evaluators have limited time to review your submission—a well-organized work sample that demonstrates the very best of your efforts will score higher than an overwhelming number of items that evaluators can't sort through.

Organize and condense your work sample to showcase a representative overview of your project. Pick examples (clips, photos, etc.) that best support your work plan and represent your strategy. Be creative in demonstrating how the elements of your work sample are aligned with the business needs and audience preferences.

DIVISION 4:

You do not have to complete a detailed work plan for the Communication Skills division. Instead, you will need to complete a brief entry form (available at iabctulsa.com) and submit it along with your work sample. The work sample should represent the full scope of your work. Please keep in mind that large files are difficult to upload and download, so please condense the file size as much as possible. The maximum file size is 2 GB.

JUDGING CRITERIA

All entries must be submitted though the online judging system.

You may submit an entry (or portion of an entry) in more than one category; however, you MUST provide separate PDF files of the work plan for each category.

The Bronze Quill Committee reserves the right to review each entry to determine if it has been entered in the most appropriate category.

Entries will be judged based upon stated criteria and the work plan provided to the judges. A select panel of communications professionals from IABC chapters in other states will judge all entries. Judges are not required to award a Bronze Quill or an Award of Merit in any category.

Judges will look for the following:

COMMUNICATIONS MANAGEMENT

- Well-defined and measurable goals and objectives.
- Entries that meet stated goals and objectives.
- Content that reflects the need and interests of the target audience.
- Proof that the intended message is effectively transmitted by the selected media.

COMMUNICATION SKILLS

- Format that is well-received by the target audience.
- Careful planning and attention to detail.
- Imagination, innovation and originality.
